Noticed the new green BT cabinet outside the hall complex? Wondering what it's for?

It is in fact a fibre optic cabinet put in under a scheme by KCC & BT, part of the 'make Kent quicker' campaign to enable us to get superfast broadband in our homes and businesses. The aim is to achieve superfast broadband for 95% of properties across the county in the next 18 months. The first of these cabinets went live in Densole and can now supply the 400 properties with speeds of up to 25mbps. For further information please visit www.kent.gov.uk/leisure-and-community/broadband to see what speeds you are likely to be able to expect and for further details of the project.
